Subject: SPCC

Thanks Jack for finding someone to check database on SPCC plan! Thanks Fran and Melissa for help as well for question from Senate Committee staff. Here is information as I understand it.

There is an SPCC plan on file for previous owner Pennzoil at the site in 2000. (r3-WV-00022?) SPCC Plan # WV-2000-00055. The plan on file does not include an updated plan under the name Freedom Industries. Over the weekend, Melissa Linden has offered to double check what is stored on site currently so we can determine if the facility is required to have an SPCC.

EPA will need to give the Senate Environment and Public Works Committee staff a definitive answer as to whether the facility has an SPCC and whether it is required (hopefully on Monday).

Thanks again for your help. Linda
